## Solar Industry Presents Wish List To Joe Biden, Congress

Top US solar trade group the Solar Energy Industries Association (SEIA) yesterday laid out its list of priorities for the incoming Biden administration. Its goal is to provide 20% of US electricity by 2030, up from just 3% currently...

## How Renewable Energy Can Pay Off for Big Oil

AMERICAN SOLAR ENERGY SOCIETY

Major oil companies are in the early stages of one of the biggest transformations in any industry in decades. Nearly all of them are starting to make investments in low-carbon businesses, investing in wind, solar, and hydrogen power. Investors...

## Solar Companies Ask Biden To Reverse Trump's Biggest...

In January 2018, President Donald Trump slapped tariffs on imported solar panels despite protests from much of the industry, sending jobs in one of the nation's fastest-growing employment engines for the following two years. Now the solar...

A vertical advertisement for Fifth Third Bank. At the top is the bank's logo, which consists of a stylized 'F' and 'B' inside a square. Below the logo is the text "FIFTH THIRD BANK". The main headline reads "Finance IT upgrades now". Below this is a blue button with the text "EXPLORE OUR SOLUTIONS". At the bottom, there is a small image of a person working at a computer with multiple monitors displaying data. Below the image, it says "Fifth Third Bank, N.A. Member FDIC."

## New Approach For Convective Solar Module Cooling

A US research team claims to have demonstrated that packing PV modules in close proximity can exponentially increase convective heat transfer of a solar park. The scientists analyzed three different module arrangements and compared them to the...

## Nuclear vs Solar: The Race For Renewable Dominance...

Back in October, Texas GOP Rep. Dan Crenshaw opined that solar and wind "don't work," calling them "silly solutions." Instead, nuclear energy would be a "far better energy resource than solar and wind if [Democrats] cared about zero emissions ."

## Solar REITs: The Blazing Opportunity That Few See Coming ...

I believe that solar energy will enhance the returns of existing Real Estate Investment Trusts (REITs) and also create a whole new class of REITs. The limited number of deals that we have seen so far is just the trickle before the floodgates open.
