

THE NATIONAL SOLAR TOUR

THE NATIONAL SOLAR TOUR

October 5 & 6, 2019

and surrounding weekends

Hundreds of solar homes, businesses, non-profits, owners across the country will host solar open house events and multi-site local solar tours to connect with their communities about going solar!

A great opportunity for anyone who supports solar energy or may be interested in going solar to see a local solar system at work, ask questions of solar owners about the process and benefits, and connect with other solar supporters in your community.

NATIONAL **SOLAR TOUR**

brought to you by

The National Solar Tour is organized
in partnership by

American Solar Energy Society (ASES)
and Solar United Neighbors (SUN)

The Tour is also made possible thanks to the partnership and support of over 100 organizations and solar installation companies:
